

AGN. NO. _____

MOTION BY SUPERVISOR DON KNABE

June 12, 2007

A comprehensive exercise program for County employees is a key way to reduce absenteeism, increase productivity, lowering health costs, and improving the overall health of employees. It can also play an important role in preventing illness and injury.

In the Southeast District, the Whittier Courthouse has an exercise room designated for use by employees, but a requirement of \$75 per class fee to utilize this room has limited the classes available for employees.

I, THEREFORE, MOVE that the Board waive all fees to utilize the designated exercise room in the Whittier Courthouse for one year, excluding the cost of liability insurance.

Contact: Ms. Phyllis Sip, Administrator
Southeast District/Whittier Courthouse
